Examination on the merits has ended. It should be kept in mind that applicant cannot, as a matter of right, amend any finally rejected claims or add new claims after a final rejection (37 CFR 1.116). In the response the applicant has amended claims 5,10, and 19 with no justification. Additionally, the applicant has failed to provide good and sufficient reasons why the amendment is necessary and was not earlier introduced (37 CFR 1.116(b)). Therefore, the amendment will not be entered. Regarding applicant's arguments concerning the gasifier, items 14 and 16 function in the manner claimed, as the heating produces a gas which is sent to the boiler as starting fuel. Regarding plurality, the superheating surfaces 51 read on this broad claim limitation. Regarding Hamm and the plurality of superheaters, the multiple elements of 10 in the figure read on this limitation.
